SENATE MOVES CHANGE CLOTURE RULE SO AS TO PLACE LIMIT ON DEBATE

WILSON CONFERS WITH LAW MAKERS

WASHINGTON, Mar. 7.—Prompt action in the senate to provide a modified cloture rule for debate is expected by the Democrats.

Senators conferred with the president on the subject an hour and a half this morning and laid plans which they hope to introduce tomorrow before the Republican leaders.

The president's conference was with Senators Owen, Reed, Walsh, Swanson, James and Hoke Smith, and rules which prevent unlimited debate such as killed the armed neutrality bill were gone over at length.

Senator Owens later said that he preferred a rule under which the senate rules may be changed by a majority vote, but all agreed that they should not haggle over the details.

The proposed rule would permit an hour's debate by each senator instead of unlimited time.

Democratic and Republican anti-cloture committees agree to recommend to the party caucuses a change in Senate rules to limit debate by a two-thirds vote. When the Senate met today, Senator Walsh introduced a resolution to provide for this change and moved the re-adoption of other old Senate rules.

Senator Walsh, after saying that the country is alarmed lest some enemy attacks, declared: "It is not inconceivable that obstructionists may be actuated by traitorous sentiments."

WAR SUMMARY

The Overseas News agency says that German submarines returning between March 1 and 3 report the sinking of vessels with an aggregate tonnage of 200,000.

British cavalry has arrived at Lajj, Mesopotamia, nine miles southeast of Ctesiphon, which is only 28 miles south of Bagdad, according to London official announcement. Since the fall of Kut-el-Amara on Feb. 26 the British have driven the Turks back 80 miles, meeting with little resistance. A determined stand is predicted at Ctesiphon, however.

London also announces that the Turks have abandoned positions west of Shellal on the Nile, 400 miles south of Cairo.

Aerial activity prevailing on the French front probably indicates important developments soon.

Berlin reports 18 Entente airplanes shot down Sunday and 15 Tuesday.

Berlin also says that French assaults in the region of the Caucuses wood at Verdun last night were repulsed.

The lessening of cold weather has increased the activity on the Russian and Rumanian fronts.

Mrs. T. J. McMurray and son, Thomas McMurray, of Marion, Ohio, are pleasantly located at the Bennett hotel for the remainder of the season. The McMurrays are well known in Daytona and for a number of winters owned and occupied a house on Ridgewood avenue adjoining the Ridgewood hotel. They have not visited Daytona for several years, and their friends are very glad to have them in their midst once more.

JAPAN WOULD SICK AMERICAN NAVY ON THE GERMANS

TOKIO, Feb. 7.—(Correspondence Associated Press.)—The diplomatic break between the United States and Germany was welcomed enthusiastically throughout Japan. Interviews given by diplomats and navy officers agreed that the American navy is one of the strongest in the world and it would be an easy task to help crush the German naval power in the event of war. They said that America's entrance would cap the climax to the struggle.

TWO CASES IN POLICE COURT

Two cases came before Judge H. T. Titus in police court this morning, held at the city hall at 9:00.

The first was the case of J. O. Klock on the charge of operating an automobile in a reckless manner. The complaint was made by Fitzhugh L. Bradshaw who told how he had been run into and hurt and how his bicycle was damaged on the corner of Volusia avenue and Bay street, because of the erroneous driving of Mr. Klock, who failed to obey the rule of the road about keeping to the right side of the street. Mr. Klock pleaded not guilty and the case was held over until Thursday morning.

The other case was that of a negro, James Davis, who was charged with petty pilfering by attempting to steal a package of whiskey at the depot office of the Southern Express company. H. O. Parker, express clerk was the witness. The negro was fined \$10 with an alternative of 30 days on the city streets.

Mrs. H. L. Ober, who has been in the city for about a month, departed this morning to rejoin Mr. Ober and her mother at their home in Waycross, Ga. While here Mrs. Ober disposed of property interests, consisting of a cottage and two lots on Maple street, just south of Orange avenue. Mrs. Ober says that Mr. Ober and herself will probably make a visit to Daytona next winter.

SMOKE SCREEN TO PROTECT SHIPPING USED BY BRITISH

NEW YORK, March 7.—The Cunard liner Carmania, which arrived at Liverpool, carried a smoke screen apparatus recently invented by the British admiralty as a defense against submarines. By pressure of an electric button the vessel discharges through her ventilator on each side a dense cloud of chemical smoke. The Carmania also carried a six-inch gun.

Mr. and Mrs. W. S. Bliss, of Laporte, Ind., arrived Tuesday from Winter Haven and are located at the LaVergne Mansion on Bay street. They had previously been at St. Petersburg and other places on the West coast and in the interior of the state. Mr. and Mrs. Bliss, who are making their first visit to Daytona, are friends and neighbors in Laporte of Mr. and Mrs. E. R. Smith, regular Daytona winter visitors who are in the Gamell apartments on North Palmetto avenue.

FUNDS ARE NEEDED FOR CHARITY WORK

The investigating committee of the Associated charities has recently acted upon several applications which have been made to it or to which the attention of the committee has been called and while there have been some contributions toward the work the funds are not yet sufficient to afford the relief necessary in every case as soon as the committee finds it a worthy one.

The Associated charities should be and can be made a valuable institution for the proper distribution of charity in this city and vicinity, but in order to accomplish this purpose it is necessary for the organization to have funds with which to meet emergencies as they arise and these funds are only to be obtained through voluntary contributions.

FUNERAL SERVICES LATE PETER SIEMS HELD THIS MORNING

Funeral services were held this morning at 10:00 o'clock at the residence on South Beach street, over the remains of Peter Siems, prominent winter resident of this city from St. Paul, Minn., whose death occurred Saturday afternoon from heart failure. The services were conducted by Rev. Holmes S. Rightmire, pastor of the First Baptist church, and the pall bearers were S. E. Bullard, Capt. C. A. Young, A. Hilliard, Theodore Sengstak, Dr. W. Courtney, E. T. Conrad, H. E. Pence and F. N. Conrad. There were many beautiful floral tributes and following the service these and the handsome solid bronze casket, with antique silver finish, which contained all that was mortal of Mr. Siems, were placed in the Bingham & Maley company's retaining vault in Pinewood cemetery to remain until later in the season when the body will be taken north for interment.

RUSSIAN CRUISER SUNK BY A MINE

BERLIN, March 7.—The Russian armored cruiser, Ryurik, struck a mine in the Gulf of Finland and was badly damaged, according to Stockholm reports of the Overseas News agency. It is learned that the warship docked at Cronstadt after the accident.

SECOND QUITS-PITCHING TOURNAMENT HELD TUESDAY

The second of the three horseshoe pitching tournaments that are being held this winter at the city hall grounds, was held Tuesday. The players pitched the shoes during a greater part of the morning and afternoon. Many interested spectators were present to watch the contests.

The two highest scores were made by Miller and Orr who made 35 points each in their three games.

PLANS TO INCREASE STRENGTH OF ARMY ARE BEING RUSHED

CONFERENCE HELD BETWEEN WILSON AND HIS ADVISORS

WASHINGTON, March 7.—A definite impression that American merchantmen will be armed in the near future was gained after a conference between President Wilson, administration officials and Democratic senators. It is understood that officials urged the president that the law of 1819, forbidding merchantmen to fire on the "armed vessel of a nation in amity with the United States," does not apply to the present situation.

BRICKING OF TRACK ABOUT COMPLETED

The laying of the asphaltic concrete brick in the car track on Beach street has progressed almost to the point of completion at the Concrete bridge and the work will probably be finished within the next few days.

The laying of the brick, which it was supposed would take but a short time, has strung along for several weeks, owing principally to the fact that it was found necessary to cut and fit the bricks, a matter which had evidently not been foreseen.

Conforming to the specifications of the contract, the sand which has been used in connection with the work will have to remain on the surface of the roadbed for a period of 30 days. This sand has been a source of inconvenience to merchants and the public generally and in an endeavor to remedy this nuisance County Commissioner C. P. Burghman, to whom numerous complaints were being made, called upon the city commissioners to aid in relieving the situation to which they readily agreed, by having the street sprinkled at least twice a day. Even this, however, does not entirely abate the dust, as the surface of the sand quickly dries under a bright sun and the wind drifts it about.

A. A. Albrecht left yesterday for his home in Detroit, after spending the past two weeks at the Seaside Inn with Mrs. Albrecht, who will remain until the end of the season.

REGULARS WILL BE USED AS OFFICERS

WASHINGTON, March 7.—To encourage small towns in maintaining national guard units, the War department has authorized the establishment of detached platoons of a minimum strength of 34 men.

Platoons from neighboring towns may be organized into companies. It has also directed the designation of five or six thousand enlisted men of the regular army as company officers if it is decided to raise a large army.

Movement of Militia.

SAN ANTONIO, Texas, March 2.—Southern department headquarters have received orders to "speed up" the return of government state troops, so that all organizations may be home by April 1. Troops still on the border number approximately 30,000.

Shoring of funds, it is understood, has caused the War department to quicken the guard movement. It was originally planned to move the last troops April 15. Florida hospital number one leaves San Antonio March 12.

BY BICYCLE FROM MIAMI TO BUFFALO

Clarence Blank, of Kenmore, N. Y., was a Daytona visitor from last evening until this morning, stopping overnight on his way from Miami to Buffalo, N. Y., by bicycle. Mr. Blank made a brief call at the News office soon after arriving in Daytona which was shortly after 5:00 o'clock. He stated that he had been in the Magic City since Dec. 6th, and left there on his wheel Saturday morning on the first lap of his long journey to Buffalo, covering the distance to Palm Beach. He left Palm Beach Sunday morning and Cocoa Tuesday morning. He says he found some poor going north of Titusville, as well as between that place and West Palm Beach. Both Monday and Tuesday he had to contend with a strong head wind which made traveling laborious and by the time he reached the asphaltic concrete roadway of this district he was too tired to thoroughly enjoy its superiority. He said, however, that it was certainly fine road and far ahead of shell roads for bicycle travel. Mr. Blank carries no camping outfit, but plans to spend the nights at hotels in cities or towns along the route and he anticipates much enjoyment on the trip.

Mrs. Bulkeley and Miss Leonard, of New York City, are again guests of the Prince George, having returned from the hospital, where Miss Leonard was taken shortly after her arrival in Daytona for an operation for appendicitis. Friends will be glad to learn that she is steadily improving and is now convalescent.

Mr. and Mrs. C. L. Atwood and C. C. Atwood, of St. Cloud, Minn., and Mrs. George H. Smitton, of St. Paul, Minn., are a quartette who have returned to Seabreeze to spend the month of March at the Princess Ismena. The four were visitors to the resort last year and are delighted to return.

LARGE AUDIENCE ATTENDS BENEFIT MINSTREL SHOW

HOTEL ORMOND, March 6. The Ormond Casino was packed with a large audience to see the minstrel show, which was given by the Ormond employees for the benefit of the Sick Emergency Fund, last night, and, too high praise cannot be given the performance. John H. Gaffney, musical director, (formerly of the Hippodrome, New York City), introduced each number. All were good, and the choruses excellent, and sung with a fervor and snap which spoke well for the good training that they have had. Charles H. Pratt's clog dancing was enlivened to the echo. He has been on the Boston Keith's circuit, and his dancing leaves nothing to be desired. James Shen, in his Billy Sunday songs, aided by the chorine, was well received. The Misses Alice and Esther Chenery, of the Conservatory of Music, Boston, acquitted themselves very creditably, as did Miss Alice Redrick, of Philadelphia, who has a lovely contralto voice, and who sang well. Perhaps one of the most gratifying numbers of the program was the tambourine chorine by the lads and lasses of Ormond. They had to respond to many encores. The boys looked well in their costumes, and the girls were pretty in theirs. The jokes were excellent and to the point. Too high praise can hardly be accorded to these boys and girls, who are all employed at the Ormond Hotel, and who have given their time after work to get up this excellent performance.

Mrs. Emily Pratt Gould is having an exhibition of her very lovely work of negligees and partly prepared gowns at the Wayside Lodge, Miss M. A. Stout's cottage at Ormond Beach. She will be there until Thursday night.

Mrs. Chas. C. Kelley, of Troy, N. Y., and E. J. Atlee, Jr., of Philadelphia, Pa., are stopping at the Ormond.

Mrs. Emily Pratt Gould and Miss V. Ringley, of Richmond Hill, N. Y., are registered at the Ormond.

N. R. Hoag, of Eustis, and Mr. and Mrs. S. S. Mapes, of New York City, formed a luncheon party at the Ormond yesterday.

Mr. and Mrs. Irving G. Hall and Miss Fushow, of Somerville, Mass., and Mr. and Mrs. Geo. S. Garrett, of Boston, Mass., composed an automobile party who stopped at the Ormond Hotel for luncheon yesterday.

Another automobile luncheon party yesterday were Mr. and Mrs. J. Ois, of Winter Park, and Mr. and Mrs. W. N. Hall, of Boston, Mass.

Mrs. Wm. C. Supplee, of Philadelphia, Pa., arrived at the Ormond in her touring car, Crane-Simplex, and will remain for several days.

Mr. and Mrs. W. B. McHardy, of Evansville, Ind., and Mr. and Mrs. E. N. Brigham, of Chicago, Ill., are stopping at the Ormond.

Mr. and Mrs. Herbert L. Dorrance and Heratio R. Nightingale, of Providence, R. I., will spend a couple of weeks at the Ormond.

Mr. and Mrs. Chas. L. Spencer, of St. Paul, Minn., and Miss Blanche M. Clough, of New York City, former valued patrons of the Ormond, have arrived for a stay of three weeks.

Miss Katherine D. McLaren, of St. Paul, Minn., a friend of Miss Eleanor Lightner, has arrived at the Ormond for an indefinite stay.

ANNUAL STREET FAIR AT ORMOND WEDNESDAY

The annual street fair, for the benefit of the Anderson and Price Memorial Library will be held today in the village of Ormond. This is one of the annual events of the season and is managed by the Woman's club of Ormond.

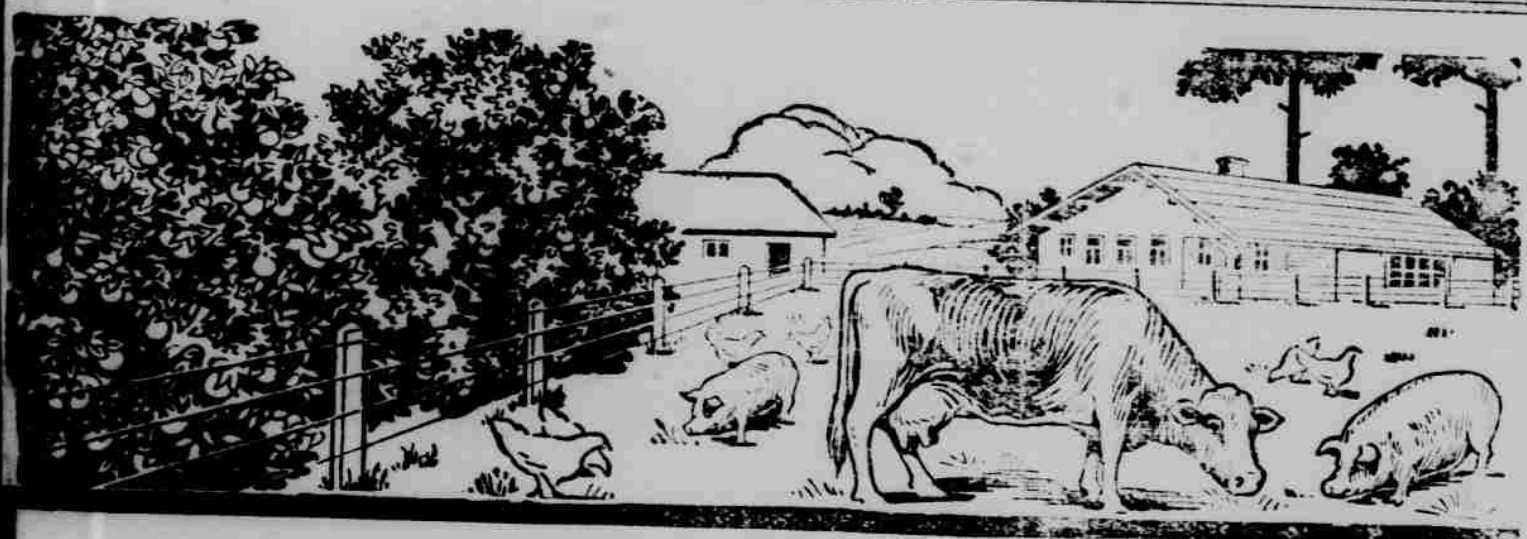

It is always interesting and guests of the hotel who once attend never fail to go again the following year. Many beautiful articles of fancy work are for sale at very low prices, besides this the flower table and that of home made candies are always surrounded by eager purchasers.

A children's parade, as well as the usual carnival features never fail to amuse young and old. A most wonderful fortune teller will startle you with her mysterious prophecies. The hours will be from eleven to five. Moving pictures in the library building both afternoon and evening.

If you see it in the News, its so.

OFF FOR \$50,000 FLIGHT

Miss Katherine Stinson, America's greatest female loop-the-loop flyer, sailed recently for Japan and China, where she is under contract to make 20 flights for \$50,000. Miss Stinson will fly a Crastor biplane, of the latest model. On her return, Miss Stinson

will, in April, attempt a transcontinental flight from the Pacific coast to the Atlantic. She says it will be based on a four-day basis, and that she is positive she can make the flight in that time. The photo shows Miss Stinson as she boarded a steamer in San Francisco. The bouquet she carries was presented by some of the enthusiastic friends who saw her off to fly in a country where flights have seldom been seen, and are considered heroic exploits. Miss Stinson will be the first woman to fly in China and it is expected that she will crown her efforts with much success. She is not only the youngest aviator but the smallest flyer in the world.

RABBITS TO BE "HOT DOGS"

Texas Plant Soon to Make Animals Into Sausages, Says Commissioner of Agriculture.

Austin, Tex.—A plant for the manufacture of sausages from the meat of the Texas jackrabbit is to be erected soon and put into operation in West Texas, according to an announcement made by Fred W. Davis, state commissioner of agriculture. Promoters of the plant expect to handle most of the annual rabbit crop in their mill.

The Texas state department of agriculture has decided to attempt to create a countrywide demand for rabbit meat.

It is expected that not less than 1,000,000 rabbits, Texas born and reared, will be shipped to New England and eastern markets during the next few months. Commissioner Davis says the rabbits are quoted in some cities at a higher price than turkey or chicken.

TRAIN RUNS WILD 30 MILES

Engineer Jostled Off and Killed, but Fireman Is Ignorant of Accident.

Phillipsburg, N. J.—For 30 miles a train on the Lackawanna railroad ran at top speed without an engine driver. Soon after passing through Black

Tom, Johnson Shaffer, the driver, climbed out on the running board to make some adjustment in the mechanism. The bumping of the locomotive threw him off and he was killed.

Allen Miller, the fireman, was on his seat on the left side of the cab and did not see Shaffer fall. The train had gone 30 miles before Miller realized that it was making unusual speed. He quickly stopped the train and called the conductor forward. The train then was run into the next station, where messages were sent back along the line and Shaffer's body was found.

DEER TAKES HIS OWN LIFE

Big Buck Leaps From Ledge to His Death When Pursued by Boys.

Garrison, N. Y.—A stray buck deer, which when pursued, virtually committed suicide off a 40-foot ledge of rock in Putnam valley near Garrison and hung itself in the branches of a tree today, was turned over to J. A. Barry, game warden. The carcass was found on ground adjoining the summer place of Rhinelanders Waldo of New York city.

The buck weighed over 200 pounds. When chased by a gang of boys the big fellow lost his head and rushed off the ledge. He plunged down into the branches of a tree and hung there until cut down.

Life's Ingratitude.

A man who attends strictly to his own business merely gets the reputation of being unsocial.

TOMORROW

Here's for An Old-Fashioned

AUCTION!

No Band, No Prizes, No By-Bidders, No Free Boat Ride or Auto Ride, no silver tongue or story telling imported Auctioneer or business manager; but a Plain Auction; advertised, conducted and guaranteed to be on the square by the owner himself who will do his own auctioneering and back his own statements.

Everything put up at these sales and receiving two or more bids will positively be sold, the buyers name and address given. It will be a REAL AUCTION such as Grandpa used to have before Auto's and Auction Companies Became the Fashion.

THIS IS THE PROPERTY TO BE SOLD

1 p. m. Thursday, March 8th

4 New Bungalows, Built by Burdick, in

MARSHALL PARK

These are neat, new and up-to-date, on nice large lots, just the right distance from the beach, the car line and the library; with plenty of sunshine, water, electricity and gas and among the best neighbors on earth. Walk in and look them over before the day of sale.

1 p. m. Friday and Saturday, March 9 and 10 on Maley Boulevard, South Peninsula Drive, just two miles south of Daytona Beach on new road leading to Wilbur and the Lighthouse.

2500 feet wide and extending from the River to Ocean, a distance of about 2000 ft.

25 LOTS ON RIVER. 25 LOTS ON OCEAN.

You can buy from road to River; road to Ocean or from River to Ocean. You can buy 100-ft. 300-ft. or 500-ft. You can buy it for just one bid more than the other fellow will give. This is a Beautiful River Front and all somewhat improved. It is your chance to buy something for a home or speculation that is sure to double and triple in value in the next very few years. Meander down to the sales anyway and see the "Yankee" way of doing it. Terms very easy if desired on all sales.

"THE HAUNTED MANOR"

"The Haunted Manor," one of the strongest and most interesting Mutual masterpieces filmed, will be shown at the Arcade theatre this afternoon and evening. Iva Shepard, one of the highest salaried screen stars, plays the stellar role in this five act production.

Coupons are given at the door at every performance for the Panama hat and present drawing, the next one of which is to be held Friday night. Saturday matinees will be held for the children, and a special run of comedies will be shown. Tomorrow, "The Abandonment," another Mutual masterpiece will be shown.

Optimistic Thought.

A pedant is looked upon as a wise man among fools, but only as a fool among wise men.

BREAKFAST LUXURIES.

SPOON CORN BREAD—One cupful of cornmeal, one part of sweet milk, one part of sugar, salt to taste, three eggs. Let milk, salt and sugar come to a boil, then stir in meal and cook until thick. Let cool and add lightly the yolks and then the whites or eggs. Pour into a greased pan and bake in a moderate oven. Serve from a baking dish.

Raised Waffles—Mix a half cupful of butter with a quart of flour, add slowly a quart of hot milk, and when the mixture is homogeneous add a compressed yeast cake that has been softened with half cupful of lukewarm water. Let well and add two well beaten eggs and let the batter rise overnight in a warm place. Bake in a well greased waffle iron.

Soft Mince Pie—Mix one cupful of sugar with one part of butter, and stir in one part of flour, one part of lard, one part of shortening and one part of raisins. Add one part of warm water and let the mixture into the sour milk, pour into a well greased pan, and bake in a moderate oven. Have the pie hot and just before pouring the batter into the pan fold in a well beaten egg.

Amusements

THE PRINCESS OF PATCHES

Beautiful scenes of the Southland with the darkies at work and at play, the cotton pickers on the plantations, and the Southern mansion and its people, are all presented in "The Princess of Patches," a Selig Red Seal play, released through K. E. S. E. service. "The Princess of Patches," will be shown on Thursday at the Crystal theatre. There is an all-star cast including Vivian Reed, Charles Le Moyne, Frank Weed and Little Violet. The blowing up of a houseboat on a river in the dead of night in which several have narrow escapes from death is just one of a succession of exciting episodes. The drama was written by Mark Swan and adapted for screen purposes by Gilson Willets. The drama has to do with a wildflower who grows up in abject poverty and yet is really the heiress to millions. How the beautiful girl comes into her property, how those who plot against her are circumvented, and how love finally triumphs, add in making a very beautiful production.

Thief Shows Originality.

Thieves are not common in Alaska, but when one does appear he generally exhibits an originality of conduct difficult for less accomplished felts to comprehend. As an instance of this characteristic a thief broke into a store at Douglas recently and stole all the 1934 cars provided for licensed dogs, thus subjecting every canine in town to the danger of being taken up by the dog catcher.

"MADAME"

IF YOU WANT TO KNOW

the right way to cook rice and the many nutritious, easily-digested, fast-producing and appetizing dishes that an old Creole Mammy makes with Rice as the important ingredient, you will read this add very attentively and try each of the recipes herein contained.

RICE.

should be served dry, steaming hot, not mushy, every grain separate. After you have learned to cook Rice, you will then be able to utilize and serve it in a hundred different ways. Your household will like it and will always want it on the table for dinner, served dry, to be used instead of bread, with all gravies (especially the brown meat gravies), and with beans and peas. In a large measure it will take the place of potatoes. It is so much easier to handle, cleaner, keeps better, quicker to prepare, easier to digest and about four times as nutritious.

PRACTICAL CERISE FOR COOKING RICE.

1 cup of rice (well washed), 3 cups boiling water; Scant teaspoon of salt, a saltspoon of lard. Wash rich through at least six waters or until all cloudiness is removed. Drain thoroughly. Bring to the boiling point three brimful cups of water. Add the salt, and the tiny bit of lard. When water is boiling briskly add the rice gradually so as not to stop the boiling. Don't stir. The grains should be kept moving by the boiling water. It will take about fifteen minutes for the rice to fully absorb the water. During this time keep the cover on but slightly pushed to one side. At the end of the fifteen minutes the grains should be soft, not the least gritty. Remove the cover and at the same heat let dry out for five minutes. If cooking on gas stove at the end of the five minutes lower gas and let the drying out process continue for twenty to thirty minutes longer. If cooking on a wood or coke stove, at the end of the five minutes, place cooked rice on back of stove or in oven to dry out.

THE WEATHER

FOR FLORIDA. Generally fair to-
night and Thursday; little change in
temperature. Moderate easterly
winds.

The storm over the Plains states on
the previous map developed rapidly
during the last 24 hours and is cen-
tral this morning in Iowa. It has
given moderate rain over a narrow belt
of country from east Texas northward
to Minnesota, rain changing to snow
over the latter state.

Under the influence of falling pres-
sure and east to south winds there has
been a decided rise in temperatures
east of the Mississippi river and
through the Gulf coast states. Tem-
peratures are somewhat lower, how-
ever, over the upper Missouri valley
and the northern Rocky Mountain
states. The winds are moderate south
to east on the lower coasts. Condi-
tions favor generally fair weather to-
night and Thursday.

Onion's Many Virtues.
Onions are a specific for the com-
plexion. They should be boiled whole
in milk—drink the latter—or steamed
and eaten with bread and butter and
cheese. Then they make a satisfying
and nutritious meal, on which you
can do brain work or manual labor.
Try onions! The taste and after-
smell? A mouthful of hot coffee takes
away both.

What Puzzled Him.
The musketry instructor had just
been giving a lesson on the rifle to one
particularly "green" set of recruits.
At the end he asked:
"Now, is there any question you
want to ask?"
One dull-looking "Johnny Raw"
stepped forward, blushing awkwardly.
"Yes, my man?" said the instructor,
encouragingly.
"Please, sir," stammered the search-
er after knowledge, "be it roight that
the 'arder I pulls the trigger thing the
farther the bullet goes?"

Producing Colored Silks.
It has been found that by feeding
silkworms partly on mulberry leaves
and partly on osage leaves, being ex-
tremely careful with the allowances of
the two foods, they can be made to
produce red and blue silk. Colored
thread has been obtained by feeding
the worms on dyed leaves, but this
method is not practical on a com-
mercial scale. The natural color of
raw silk is yellow or white.

Pastor Believes in Advertising.
One of the strongest believers in ad-
vertising as a method of building up a
congregation for a church in the coun-
try today is Rev. Dr. J. W. Kramer,
pastor of the First Baptist church of
Spokane, Wash. In a sermon recently
Doctor Kramer made known his be-
liefs and told of the value of the news-
paper of today.—The Fourth Estate.

JOHN VAN VALKENBERG MET WITH ACCIDENT

John Van Valkenberg met with an
accident yesterday afternoon which
rather nonplussed those who rendered
first aid to the injured, but it was finally
decided that it came as a result of
an epileptic fit to which John has been
subject for years. He lives alone in
a small cabin, originally a house boat,
on the river shore north of the F. A.
Root boat yard and some time after
3:00 o'clock Mrs. Root found him wan-
dering around in a dazed condition, his
head and hands covered with blood
from a severe scalp wound, just above
his forehead. He was hatless and
coatless and without his cane which
he usually carries. Mrs. Root, with
the assistance of one of the men at
work in the boatyard, gave him wound
necessary attention and he was assist-
ed to his dwelling place where blood
was found upon some papers and other
articles. It is probable that in fall-
ing he struck his head upon the stove
or some other hard object, which he
himself thinks was the case. He was
able to get out and around later in
the afternoon.

RESOLVED NOT TO BUY REAL ESTATE, BUT CHANGES MIND

E. E. Burleigh, of Phoenix, N. Y.,
has purchased through the Bingham
& Thompson agency, the "St. Paul"
bungalow, 315 North Ridgewood ave-
nue. Mr. Burleigh, who is making his
first visit to Daytona, is accompanied
by Mrs. Burleigh, being located for the
season on Cypress street. Mr. Burleigh
is a contractor and builder and says
he made up his mind before coming
to Florida that he would positively not
invest in any real estate the first
season here, but the beauty of Daytona
and the evident opportunity offered for
investment in real estate in this city
and vicinity overcame his resolution
and he has purchased several pieces
of property in addition to the bungalow
mentioned.

BIG TOURISTS' PICNIC PROVES FINE SUCCESS

The big picnic under the auspices of the Christian Forum of the Daytona Beach M. E. church, which was held yesterday afternoon at the Inlet and Ponce Park, proved to be a pleasant occasion for the picnickers.

More than 70 autos averaging five occupants, left Daytona Beach shortly after 1:00 o'clock and went down to the inlet. All of the cars were decorated with flags and bunting and made a fine appearance. The route took the cars over to Daytona, down Ridgewood avenue to Port Orange, across the Port Orange bridge to the peninsula and then through Wilbur-ry-Sea to Ponce Park. People along the line of the parade were greatly surprised at the long procession. Before the last car had passed the entire town of Port Orange had lined the streets to see the parade pass.

Lunch was enjoyed by the large crowd at Ponce Park. After the dinner, a program was presented by the various cars, a prize being given to the best. About 3:30 the cars commenced to leave for home arriving at 4:00.

DAYTONA BEACH

Dr. R. A. Van Voast, of Cincinnati, O., is the guest of Mr. and Mrs. C. M. Wilder at their home in Daytona Beach.

J. N. Gamble and party of friends enjoyed a fine morning's auto ride today going to points north of Seabreeze on the new drive.

Mrs. Pettibone and daughter, of Los Angeles, who have been spending the past month at the J. L. Reed residence on Grandview avenue, leave today for their western home after a pleasant sojourn here.

E. L. King and mother-in-law, Mrs. Watkins, and Mr. and Mrs. C. L. King went down to Miami yesterday on a short pleasure trip. They went by train and will return to the King mansion on the lower river front, Daytona Beach, in a few days.

Miss Margaret McKenna and mother, of Glade Springs, Va., are guests of the Daytona Beach hotel for a few weeks. These pleasant people visited the beach three winters ago and the friends which they made here at that time are glad to see them again.

Miss Margaret Reed entertained the auction bridge club of which she is a member, at her attractive home on Grandview avenue Monday evening. The high score was made by Miss Lee Bowers. The next meeting of the club will be held at the home of Miss Myrtle Freeman in the Pinehurst, Peninsula drive and Mitchell place.

Dr. and Mrs. E. M. Currie and family, of Detroit, Mich., who spent eight months of last year at the beach and who are spending the winter at Orlando, very visitors to the beach today. They were accompanied by Mrs. Will M. Moor, a well known, former resident of the beach who is spending the winter at DeLand with her son Arthur Moore who is attending Swarthmore university.

STETSON GLEE CLUB TO BE HERE NEXT TUESDAY

The Stetson Glee club will be here next Tuesday to give an evening song and other music at the Daytona Beach Methodist church. The club has just returned from the west coast and Tampa where they sang to large audiences. Arthur P. Moor, a former resident of Daytona Beach and a graduate last year of Seabreeze high school, is the accompanist of the club. He is also the pipe-organist of the DeLand Baptist church and will play several numbers on the organ during the program next Tuesday evening.

SEABREEZE

Principal Homer E. Wakefield gave an interesting talk on the "Inauguration Ceremonies" at chapel exercises of the Seabreeze-Daytona Beach school this morning.

Dr. and Mrs. N. S. Messenger entertained a number of their friends last Monday evening at a card party at their attractive bungalow home on the corner of Halifax avenue and Earl street. The guests enjoyed the games until a late hour.

Among those enjoying the golfing during the present winter are S. C. Young and R. S. Holmes, prominent winter residents of Halifax avenue, Daytona Beach. These men are frequent visitors to either the Clarendon or Ormond links on the pleasant days.

The Peninsula Choral union held its weekly meeting Monday evening at the school house on Halifax avenue. Some of the new music ordered by the society was practiced and more than an hour of singing proved to be very pleasant for those participating.

NEW DONATIONS OF BOOKS TO YOUNG MEMORIAL LIBRARY

The following books were recently donated to the Sarah Cornelia Young Memorial library, corner of Peninsula drive and Vermont avenue, Daytona Beach: "Who's Who in America, 1914-17," and "Heathmaster," by Samuel Hopkins Adams, from Dr. and Mrs. Henry S. Mitchell; "The Shining Adventure," and "Miss Minerva and William Green Hill," and "Cincinnati Prints," the gifts of Dr. Chas. Frederick Goss.

The library needs at present an up-to-date dictionary. The society is very thankful for all donations to the library and would like the people to know that there is room for many more volumes.

Friends and visitors are asked by the association to visit the new attractive library building and spend a pleasant afternoon. There are plenty of chairs to accommodate and the librarian will be glad to show the features of the library's new home.

To Cleanse Fur of a Cat.

Take a large cup of granulated corn meal, add pinch of fine grape seed. Place cat on apron or other cloth, then rub meal gently and thoroughly through the fur, gathering the meal up and repeating three or four times. This will heal and leave skin perfectly clean and the fur soft and luxuriant. Will also remove fleas.

BOAST OF ROMAN ANCESTRY

Picturesque Scenes in Roumania Described by Correspondent—Children Are Genuinely Handsome, But Cleanliness Is an Unknown Virtue.

By OSWALD F. SCHUETTE.
(Special Correspondent of Daily News, Chicago.)

With Gen. von Falkenhayn's Army in Roumania.—If a stage director could put this picture into the smugglers' scene in "Carmen" he would have a fortune.

But nobody would believe it to be real. It is the temporary internment camp for civilians into which the Germans have converted a spacious Greek church of Rucar, in the heart of the Roumanian Carpathians. Most of the city has been burned. All men of military age are gone. But the houseless inhabitants that remained had to be concentrated where they could be watched, for this city is an important base for mountain operations.

And such a camp. Such colors and types. The stained glass windows of the church fade before the gaudy apparel of these Roumanian women. Young and old alike wear the loudest of red skirts. Above the waist there is a little more individuality, but not less color—blue, white, green, yellow and a few black. Some are richly embroidered, others are cheap print cloths. But all are garish.

We found the original slit skirt here—as though the skirt were but an outgrowth of "blanket" days. Yet these are not an aboriginal type, like our Indians. Clothes are no civilized afterthought for them. Their proudest boast is that they are descendants of the Romans.

Many of them reveal the Roman profile. Some of them are genuinely handsome, especially the children! but they seem to age quickly. Apparently there is no summer in their lives. They jump from spring to fall and winter in a day. Only a few of the women between fifteen and forty years revealed traces of the beauty of their daughters. As for children, there seemed to be plenty of them.

Garb of Old Romany.

The men all wore the typical Roumanian garb—tight-fitting trousers of cotton or wooden goods that had once been white, but probably laundered only infrequently; a white shirtlike affair that hung outside the trousers, halfway to the knees, like a kilt, and a little tight jacket. Few of the men showed any traces of Roman ancestry. Cleanliness would have hurt none, although it might have lessened the picturesque.

All about the big churchyard were gathered families and "neighborhoods," cooking primitive meals by open fires. One group was particularly worth observing. It might have been the city council of Rucar, for all I know. Around a fire sat 12 weather-beaten patriarchs, grave almost to silence. As we came up their deliberations stopped abruptly. They arose, took off their dirty sheepskin caps, bowed and stood silent with an air almost of servility. It is a typical Roumanian expression. For, not even excepting Russia, Roumania still seems to have the most servile peasant folk.

All arose but one. He was an old man, though not the oldest there. Instead of wearing a dirty sheepskin cap, he had one of black. His features were well cut, his eyes and nose revealed at least the possibilities of intelligent ancestry. He had the air of a man of importance. On the stage he might well have been the chief of a mountain tribe. Finally, he, too, arose and greeted us, though sullenly. Later we learned that he was one of the wealthiest men of Rucar, but could neither read nor write.

No Interpreter to Tell Story.

We could not understand their language, and they made little effort to get into a conversation with us. A woman from a neighboring campfire came over to say something, but we had no interpreter and her story was lost. But as an ethnological exhibit the picture belonged in the Smithsonian Institution at Washington.

In the church the scene was just as picturesque, but the air was too thick for an extended inspection. About forty families were encamped on the floor, with a strange collection of household paraphernalia. Besides the door, the only possible ventilation was a broken window pane. What seemed to cause particular complaint was the broken pane, not the ventilation.

You could not help feeling sorry for these poor mountain folk, driven from their homes by a war of which and about which they knew nothing, and in which they had no interest. To them Bucharest was as far off as Berlin. Not one but envied the prosperity of the Roumanians on the Hungarian side of the Carpathians. Yet the war had wrecked their city and their homes, and strange German soldiers were marching through their streets in pursuit of the fathers and brothers who had fled with the Roumanian army into the mountain fastnesses beyond.

So far we had passed column after column of heavy baggage trains car-

rying provisions and ammunition to the front. Now our automobile stopped up, as we picked our way through a marching regiment. They were a lot of men, loaded down with knapsacks and their winter equipment. For the nights are bitterly cold in these passes. Yet they sang as we passed them and seemed as cheery as though they were going on a mountain lark. That is, most of them did. For some of them it was a hard struggle with no pleasure ahead.

The head of this column had just reached the crest and left the road. For down the other side there was no need of following the long windings over which our automobile had to go with brakes set. The soldiers scampered freely down the bluffs, reaching the bottom almost as quickly as we did. But again we had to climb a long and tedious hill on the other side before we came to the valley in which the war operations were now on.

The Darker Side of Marching.

A week later we made the same trip, this time following General von Falkenhayn himself on an inspection trip of this front. And now it rained. The gorgeous beauty of these wild mountain crags, the purple mists that veiled the garish colors of the peaks, the fascination and the splendor of what Americans call Indian summer were gone. Everything had assumed, as if by magic, drab colors. The misty rain beat against us before an icy wind. The steep roads became perilous with slippery mud. There was no song from the soldiers that we passed. Dripping, soaked, they plodded wearily and slowly. The horses of the baggage trains seemed to feel the same way about it. The automobile trucks floundered in the mud and many had narrow escapes. It is no light task to navigate one of these giant cars on a crooked, slippery mountain road.

On little shelves of the mountain side were smoky bivouac fires trying hard to burn. About them were drenched soldiers trying to dry their soaked equipment and uniforms. Here and there flapped tiny dog tents into which these soldiers would creep for the night in the hope that tomorrow would bring a bit of sunshine.

Wounded Know No Hate.

Around a turn in the road came a slowly moving, weary ox train. The oxen seemed to mind the rain less than the horses. It was the contents of the wagons these oxen pulled slowly and ponderously through the mud that made our auto slow down as we passed them. Each wagon contained a number of wounded lying in the straw. Some of them were covered with rubber blankets. All were trying feebly to smile at us as they passed on this jolting journey over the mountains from the battle lines to the hospitals behind the front.

We found German and Roumanian side by side. Their enmity seemed to have ended. Wounded friend and wounded foe had become brothers.

It was in this section that the Roumanians had attempted to stop the German advance by blowing up the road at three abrupt curves. They had done their work well. The explosions tore off the whole shelf on which the road was carried. But the German engineers had done their work equally well. They hurriedly built up a wall at about the middle of the destroyed road, then dynamited away a big chunk of the overhanging mountain side. This fell against their new abutment, and in three hours the Germans were able to put artillery over the new road.

AVIATOR AND DIVER

Mrs. Alice McKee-Bryant, who says she is the only woman in the world who follows the profession of submarine diving and makes a living out of it, is also a self-taught aviator. She was recently voted an honorary life membership in the Marine Engineers' association. She is the widow of Johnny Bryant, an aviator who was killed in Victoria, B. C., after they had been married for only two months. Her diving equipment weighs more than 300 pounds. She will spend the next few months as instructor in a Florida aviation school, a less strenuous occupation than submarine diving.

Hospitality Reigned With the Spirit of Unalloyed Pleasure

For the second time in the history of Daytona the Daytona Hotel Men's association entertained its guests and friends at the Casino Burgoyne on Tuesday evening at the most elaborate, most enjoyable and gayest ball which was ever held in Daytona.

Perhaps never before has the casino been more festive, bringing together under one wide expanse of arch, guests from the various sections of our country, who came with the spirit of having a good time, and this they did to their heart's desire. Hospitality reigned with the spirit of pleasure, unalloyed.

Out of the darkness of a starry night the guests arrived into the light of the casino long before the appointed hour of nine. Wonderful were the gowns worn by the ladies. Sorry indeed are we neither space nor time will allow us an opportunity to describe these creations.

As to the casino itself it was wondrously beautiful. The aspiration of a Japanese enclosure was delightfully reached by the decorators. Japanese lanterns, enclosed the electric bulbs which had been lowered from the ceiling to an artistic height. The subduing of the lights proved an enchantment, alluring and delightful for the dancers as they glided over the floor to the rhythmic symphony of the augmented orchestras which gave forth continuous music from the far extremes of the ball room.

Japanese decorations were used throughout the ball room, the only intercession being brought about by drapings of the American flag in conspicuous places.

Five-cornered stars hung from the ceiling at intervals bedecked with Japanese festoons. Potted plants were used in decorative profusion. At the opposite ends of the hall potted plants were artistically banked against the platform upon which the orchestras were seated. At the center alcove, opposite the main entrance a canopy arrangement of Japanese bunting with American flags and touches of "Old Erin" transformed it into a bower, which was outlined with potted palms. Here refreshing fruit punch was served by a corps of waitresses from the Prince George and Ridgewood hotels.

Promptly at nine o'clock the scintillating strains of the orchestras burst forth and from thence to the wee, small hours lovers of the terpsichorean muse held sway. There were fox-trots, there were one-steps, and there were old-fashioned waltzes, everything thought of to make everyone have a good time.

Beautiful blending of colors were seen. Never before has Dame Fashion so daringly combined colors which we have been brought up to believe were uncomplimentary. Here was a gorgeous gown of cloth of gold with purple, then a fairy-like creation of purple and red, while in the center of the floor was a striking velvet of rich panne of shades of green.

Contributing to the phenomenal success of the affair were Col. E. P. Woodbury, of the Ridgewood hotel, chairman of the committee of arrangements, ably assisted by L. M. Waite, of the Despland, and W. W. Hilyard, of the Prince George hotel, with sub-committees divided as follows: E. P. Woodbury, J. P. Glenn and G. R. Hayward, in charge of the music; W. W. Hilyard, J. D. C. Morris, P. M. Cake in charge of refreshments; L. M. Waite, T. E. Fitzgerald and D. H. Bennett in charge of the invitations.

ORTONA CASINO IS FORMALLY OPENED

The Ortona casino was formally opened Monday night with a moon light excursion and dance that was one of the gayest events of the season, and was attended by 70 couples.

The casino blazed with the blue and gold of the Ortona colors. Interspersed with American flags. Blue and gold bunting was effectively strung from the four corners to form a canopy over the dancers. To an excellent program of music, the Despland orchestra the guests danced away the hours until the strains of "Home, Sweet Home" heralded the approach of the wee sma' hours. To add the last finishing touch to the memorably enjoyable affair a marsh-mallo roast was given after dancing.

The moonlight excursion was not the least of the successful event. Messrs. Pope and Simpson are to be congratulated on the well arranged affair with which the casino was opened, and the announcement that another will be given before the close of the season will be of interest to the many who enjoyed the Monday night dance.

Prince George hotel for a several weeks' sojourn are John E. Johnson and E. G. Knepp.

A. A. Albrecht left yesterday for his home in Detroit, after spending the past two weeks at the Seaside Inn with Mrs. Albrecht, who will remain until the end of the season.

Dr. R. A. Van Vrasst, of Cincinnati, Ohio, who spent a short time at the Prince George hotel, is the guest of Mr. and Mrs. William W. Wilder for the remainder of the season.

A foursome of inveterate golfers at the Prince George who were noted on the Clarendon links yesterday was composed of Samuel Lowenstein, S. V. Mansfield, Jack Biechle and Dr. J. L. Loveland.

Mr. and Mrs. William F. Meister and niece, Miss A. C. Grasser, who have been guests at Schmidt's hotel for the past week, left yesterday for their home in Toledo, Ohio. During their stay in Florida they visited all of the east coast resorts.

Returning to the Ridgewood hotel for his usual stay is Harry H. Little, of Boston, who represents the Southern railroad. Mr. Little is always popular, and his presence ever a stimulus for his friends. He will remain until the close of the season.

On a combined business and pleasure trip to Daytona are W. H. Dowling, C. A. Clark and M. B. Thompson, of Jacksonville, who are guests at Schmidt's hotel. The three are frequent visitors here and have many friends at the hotel.

Mr. and Mrs. J. A. Sparrow, of Middleboro, Mass., who are late arrivals at the Prince George, are finding the spring-like weather of Daytona a delightful contrast to the ice and snow of a Massachusetts winter. They expect to remain for the month of March.

Mr. and Mrs. C. L. Atwood and C. C. Atwood, of St. Cloud, Minn., and Mrs. George H. Smittson, of St. Paul, Minn., are a quartette who have returned to Seabreeze to spend the month of March at the Princess Isseena. The four were visitors to the resort last year and are delighted to return.

All the way from California comes Mrs. Louisa Breen, of Pasadena, to enjoy a winter's visit to Daytona Beach as a guest of the Seaside Inn. With Mrs. Breen is Mrs. Theo Menche, of Dayton, Ohio. The two come to join Mrs. Zetta Smith, who has been a guest at the Inn for the past fortnight.

Mrs. Bulkeley and Miss Leonard, of New York City, are again guests of the Prince George, having returned from the hospital where Miss Leonard was taken shortly after her arrival in Daytona for an operation for appendicitis. Friends will be glad to learn that she is steadily improving and is now convalescent.

A. Hand and daughter, Miss Clara M. Hand, of Cleveland, Ohio, left yesterday for the north after a delightful stay at Schmidt's hotel. The Hands were guests at the hotel during January, leaving the latter part of the month for a tour of the more southern resorts. So delighted were they with Daytona they returned for another visit on route north.

Mrs. T. J. McMurray and son, Thomas McMurray, of Marion, Ohio, are pleasantly located at the Bennett hotel for the remainder of the season. The McMurrays are well known in Daytona and for a number of winters owned and occupied a house on Ridgewood avenue adjoining the hotel. They have not visited Daytona for several years, and their friends are very glad to have them in their midst once more.

The largest card party yet given at the Seaside Inn was that of Monday night when 18 tables for bridge and 500 were arranged in the lobby and sun parlors. Interest was unusually keen and play continued long after the usual hour for counting scores. The attractive prizes, cut glass salts with tiny gold spoons, were awarded to Mrs. S. C. Kaylor, who made top score in bridge and Mrs. L. H. Taylor, whose 500 score was high.

About the Wedding Ring.
The wedding ring is of gold to signify the nobility and durability of affection. The form is round to imply that love should never end. The place is on the third finger of the left hand, where the ancients thought there was a vein that came directly from the heart, and where it is always in view. The third finger being a finger least used, the ring may be least subject to wearing out.

Chinese First to Use Paper.
China is credited with having nurtured the genius who first conceived the idea of writing material made from fibrous pulp, and some investigators profess to have found evidence that paper existed in the Celestial Kingdom at least two centuries before the Christian era.

Pigs Are Dainty Eaters.
Pigs, instead of being ready to eat anything, are among the most fastidious animals. Out of 575 plants, the goat eats 449 and refuses 126; sheep, out of 528 plants eat 387 and refuse 141; cows, out of 494 plants, eat 276 and refuse 218; horses, out of 474 plants eat 262 and refuse 212; while pigs, out of 243 plants, eat only 72 and refuse 171.

Absent-Minded.
Her neighbors were discussing the character of a venerable woman whom they esteemed to be wise in her generation, but a young man said it struck him that she showed great lack of wisdom in one respect. "What is that, pray?" inquired one of the group. "Why," said the young man, "she always puts out her tubs to catch soft water when it's raining hard."

"I never knew it could be done!"

CLARENDON GUESTS ENJOY DAY INDOORS BEFORE BLAZING LOGS

Although the rather unseasonable weather yesterday brought about postponements of several river and automobile trips planned by Clarendon guests it also made possible a delightful day indoors that drew the hotel colony into congenial bridge groups, sewing and tea parties. The great stone fire places were piled high with blazing logs, and the foyer was altogether attractive with its red rugs lending their warm color to the cheerful glow of the fires. The spirit of the flames drew many about the fireplaces, and "tagot parties" brought about many interesting stories of thrilling experiences. "I never regret cold weather here," one guest was heard to say. "Because we'd never realize the joy of these fire-parties without it." During the afternoon tea hour the scene was a charming one. Gay with the buzz of "small talk" and the inter change of innocent gossip, with here and there a lively argument over a golf or tennis score, the foyer was filled with smartly frocked women with a plentiful sprinkling of the masculine contingent.

Mr. and Mrs. George W. Whyte, of Kenosha, Wis., have joined Mr. and Mrs. F. J. Johnson at the Clarendon for the remainder of the season.

Mrs. W. H. Snyder and Mrs. J. C. Criswell, of Waynesboro, N. C., have come up from the Royal Poinciana to spend several days at the Hotel Clarendon en route north.

L. J. Cameron, of Cleveland, O., who spent last winter at the Clarendon, has returned for the month of March, coming to join Jesse Armstrong. Mr. Cameron was a popular member of the hotel colony last season, and was greeted by many friends upon his arrival Monday.

Harry J. Harris, of Toledo, O., one of the best known professional golfers of the west, who has been the guest of M. J. Owens for the past fortnight, is registered at the Clarendon. Mr. Harris will spend the remainder of the season in Seabreeze.

The season colony at the Clarendon was augmented Monday by the arrival of Mr. and Mrs. C. F. Adams and Miss Anna Adams, of Chicago, and Mrs. R. M. Kendall, of Detroit, Mich.

Mr. and Mrs. Louis De Witt Compton left yesterday for their home in Brooklyn, N. Y., to the general regret of the hotel colony. The Comptons have been potent factors in the gaieties of the brilliant resort life since their arrival during the early part of February and charming Mrs. Compton has been hostess at several of the prettiest parties given this season.

Mrs. George Massey, of New York City and Mrs. J. A. Basted, of Toronto, Canada, came down yesterday from St. Augustine, where they spent the past several weeks at the Ponce de Leon and are guests at the Clarendon for the next fortnight.

The Lotus grill was the scene of two pretty dinner parties Monday night, when Mr. and Mrs. F. A. Conrad entertained four guests and Mr. and Mrs. M. J. Owens had a table for four.

Robert G. Gallagher and H. Gregory, of Minneapolis, Minn., who are touring Florida by automobile, are guests at the Clarendon, having moved from Jacksonville yesterday. Later the two will go to Palm Beach and Miami stopping for another visit in Seabreeze en route home.

Among the prominent Boston people who are guests at the Clarendon this season are Mr. and Mrs. S. M. Patterson, incoming guests at the hotel Monday.

Coming to spend the month of March at the Clarendon Mr. and Mrs. F. H. Larter arrived Monday.

Patron Saints.

There is no complete or authentic catalogue of the patron saints of the various countries of the world. The patron saints of the foremost countries are as follows: Spain, St. James; Germany, St. Michael; Austria, the Virgin Mary; Italy has various saints for her various provinces; St. Charles is the patron saint of Lombardy and St. Maurice of Piedmont.

When Plants Do Not Thrive.

Bury a small piece of beefsteak close to the roots, or lay a piece of raw potato on the surface of the ground near the roots. If there are worms around the roots, they will come to the meat or potato to eat, and may be easily removed.

Much Ado About Nothing.

"Wife, what's all this about? Here's a letter on fertilizers, stating that your farm needs about so many tons to the acre." "It's all right, hubby. I sent a sample of soil to the agricultural department. My geranium hasn't been doing very well."—Judge.

PANAMA HAT NIGHT
BRINGS OUT CROWD

The second of the Panama hat nights, which are being held at the Arcade theater, took place Tuesday evening, with a good crowd present. The first present, a fine Panama, was received by Chas. Crowley, of New York, who is spending the winter at the Tourist hotel. The second award was made to L. H. Pease, of North Palmetto, who received a pass to the

theater. The box of champagne which constituted the third prize was won by Miss Gertrude H. Hitchens.

Blessing of Work.
Work is a guardian angel. It turns the wilderness into a garden. Work does sometimes what angels cannot do: it makes a man find his place in the world and gives him a blessed sensation: This plot of ground in the wide immensity of earth meant for me to grow in—Hitchens.

TWO FINE RIDGEWOOD AVE. HOMES

FIRST. Located on South Ridgewood avenue, right in the heart of the most exclusive residence section, on a lot 110x200 feet, with large two-story residence, modern and well furnished throughout, including Piano. Two bathrooms and 4 spacious Master's rooms, all hand-painted furnishings. Garage for a half dozen cars; ample rooms above. Servants' quarters well furnished. 110 feet of porches with swings and rockers. Magnificent home.

Sale Price, \$16,000.

SECOND. Located on North Ridgewood avenue on a corner lot, 70x316 feet. House almost new and strictly modern. Two bathrooms, 9 closets, 4 large bedrooms and large hallway; spacious living and dining room; kitchen and 2 pantries. Large East and South porches. This is a spacious and magnificent home and a price of \$8,500 is a "Right" price. Half cash, balance to suit.

I have a splendid line of investments in both improved and vacant property. Good residence lot, within 100 feet of Ridgewood avenue. (East side, too.) And not very far out, for only \$450. Splendid furnished Bungalow, including Piano, for only \$3,000. Worth more money.

Good 2-story five-room cottage, First avenue. Only \$1,900.

AN AUCTION SALE AT MARSHALL PARK

At 1:00 o'clock tomorrow afternoon W. W. Marshall will offer for sale at public auction four new bungalows in Marshall park, Daytona Beach. These are neat, up-to-date buildings on good lots, just a nice distance from the ocean beach and near the car line and library. There is water, electricity, gas and other modern conveniences. The location is excellent, high, dry and healthful and the neighborhood all that could be desired. Mr. Marshall is himself the owner of the property and he proposes to conduct what he terms an old-fashioned auction. He announces that there will be "no hand prizes nor by-bidders; no free boat ride or auto ride; no silver tongue or story telling, imported auctioneer," but a plain auction, advertised, conducted and guaranteed to be on the square, by the owner himself, who will do his own auctioneering and back his own statements. Mr. Marshall states that everything put up at this sale and receiving two or more bids will positively be sold and the buyer's name and address given.

Opportunity Neglected.

Arnotto or amatto, as it is commonly called (Bixa orellana), grows wild and in abundance in the Port Limon district of Costa Rica, but no one there has ever attempted to develop this rich natural resource into an industry, and the trees have never been planted or cultivated, nor has the fruit ever been gathered for commercial purposes. Judging from its natural growth, there is no doubt that it could be cultivated and gathered with good profit.

Furnace the Goat.

If you happen to be in doubt what to do with your tin cans, just dump them, not too many at a time, into your furnace, which, like the mischievous goat, consumes them with avidity. Have no fear, they will nourish the furnace, clear out the chimney and dispose of the tin can problem until spring.

Oh, So Sweetly.

The young women present were discussing their aces. And one of the girls said: "I don't know what it is about my appearance, but everybody always guesses me a lot younger than I really am." And another of the girls answered, oh, so sweetly: "Oh, that's after they have heard you talk, isn't it, dear?"

One Use of Adversity.

Sweet are the uses of adversity, and this is one of them, it puts a bridle upon transgression and furnishes a spur for holiness.—Spurgeon.
